Carrier
TRANSICOLD
20 SERIES
PERFORMANCE PARTS

Carrier Transicold 20 Series parts offer the peak performance of specifically designed parts combined with the Carrier Transicold tradition of quality and reliability.

Now, even your TK units can benefit from the:

- ◆ Quality
- ◆ Service
- ◆ Cost-efficiency
- ◆ Availability
- ◆ Choice

that you associate with Carrier Transicold.

By choosing these original manufacturer quality components, you can ensure value for your TK units and still enjoy the benefits from the industry-renowned expertise of Carrier Transicold.

Quality

Genuine OEM quality parts

Every single part is designed to **meet and exceed Original Equipment Manufacturer performance specifications.**

Decades of Carrier Transicold experience in the transport refrigeration business mean that only the best industry suppliers have been selected to offer you the confidence that comes from using quality parts.

Service

An extensive and highly qualified network

The Carrier Transicold network is the most **widely integrated network** in the business.

We combine the **professionalism** of our highly-trained technicians with the commitment of each and every service centre to provide you with a level of service that sets a **quality standard.**

Cost-efficiency

A single service centre for your entire fleet

Service your Carrier and TK units at the **same location** and benefit from:

- simplified invoicing
- increased fleet availability
- less administrative effort leading to **maximised productivity** of your fleet.

A **single contact** that you know and trust provides a **cost-effective solution** for your maintenance and repair.

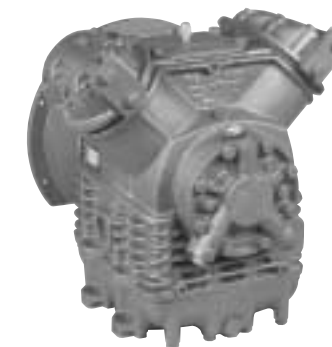

Choice

An extensive selection of part numbers available for the maintenance and repair of your TK units

We offer a **constantly expanding selection of parts:**

- over 100 of the most frequently used consumable parts such as belts and filters
- X-426 and X-430 replacement compressors
- C-201 and 2.2DI engine repair kits

as well as a range of clutches, pumps, new and re-manufactured alternators, and starters.

TK, Thermo King, MD, RD, TD, KD, SBIII, SMX and Super NWD are registered trademarks of Thermo King corporation.

Availability

Dealers equipped with a wide range of instantly available parts

Carrier's 6-year experience of supplying 20 Series parts for TK units means that an **extensive range of high volume parts** are **instantly available** from our dealers.

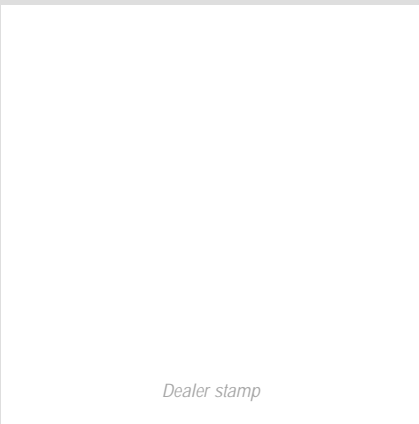

And when ordering parts, our **efficient logistics** organisation ensures their **rapid availability** whenever and wherever needed.
